Hello Jim,

Thank you for the letter and email regarding the update with the grant funding. I have presented it to Community Foundation Executive Director, Charleen Davidson.

We would like to let you know that we would be pleased to see the grant funds used in your community for accessible upgrades to the existing playground, as stated in your letter. We can also accommodate the revised timeline outlined in this letter. I have put a reminder in my calendar to reach out to you in November to see how things are going with the project. If anything else comes up with the project in the meantime, please reach out.

Best,

Caitlin

Hi Caitlin,

I've attached my letter asking for an extension and redeployment of the grant.

Thanks,

Jim
