Sgt Robert Wright
Detachment Commander
Cardston, Alberta

Dear Mayor, Reeve and Council,

Please find attached the quarterly Community Policing Report that covers the April 1st to June 30th, 2022 reporting period. The attached report serves to provide a quarterly snapshot of the human resources, financial data and crime statistics for the Cardston RCMP .

In addition to the local priorities established collaboratively between your community and our local Detachment team, the Alberta RCMP has developed broader priorities for the provincial police service. Also attached as an appendix is the Alberta RCMP/Alberta Justice and Solicitor General 2022-2025 Joint Business Plan (JBP), which has been finalized and is now in effect. Created through a united effort between the Alberta RCMP and Justice and Solicitor General, this three-year plan is focused on ensuring Albertans are safe and protected.

Meetings with subject matter experts from the Alberta RCMP, Justice and Solicitor General, and community partners were a foundational aspect in developing collective priorities for the next three years. These meetings, in addition to recommendations from the Interim Police Advisory Board, helped identify emerging trends and best practices while providing clarity on the needs of our communities.

The 2022-2025 Joint Business Plan is focused on the following six priorities:

- **Enhancing Engagement and Communication with Communities and Stakeholders:** Engaging with our communities to collectively develop policing priorities that are community-led and enhancing communication about matters related to local policing services.
- **Community Safety and Well-Being:** Working with partners in an integrated, multifaceted manner to interrupt the cycle of crime and victimization.
- **Indigenous Communities:** Strengthening relationships, working together in support of Reconciliation, and responding to the needs of Indigenous communities in Alberta.

- **Equity, Diversity, and Inclusion:** Promoting inclusion and building trust with diverse communities by addressing the behaviours that threaten their sense of safety and belonging.
- **Crime Reduction:** Understanding the drivers of crime and focusing on priority offenders to increase community safety.
- **Enhancing Service Delivery:** Ensuring service delivery models and strategies effectively meet the policing needs of our communities.

The Alberta RCMP is committed to a transparent and collaborative approach in assessing performance, including establishing appropriate indicators to track progress in achieving these goals. As such, the Alberta RCMP has secured an external Consultant to assist in developing performance metrics with ongoing consultations with the Rural Municipalities of Alberta and Alberta Municipalities to ensure alignment with the needs and expectations of our communities.

The result of our collaborative efforts is a plan that is robust, responsive to community needs, and in alignment with Ministry and partner plans and priorities. You can download a full copy of the 2022-2025 Joint Business Plan at: <https://www.rcmp-grc.gc.ca/ab/publications/joint-business-plan-2022-25-plan-d'activites-conjoint-eng.htm>.

As the Chief of Police for your community, please feel free to contact me if you have any questions or concerns.

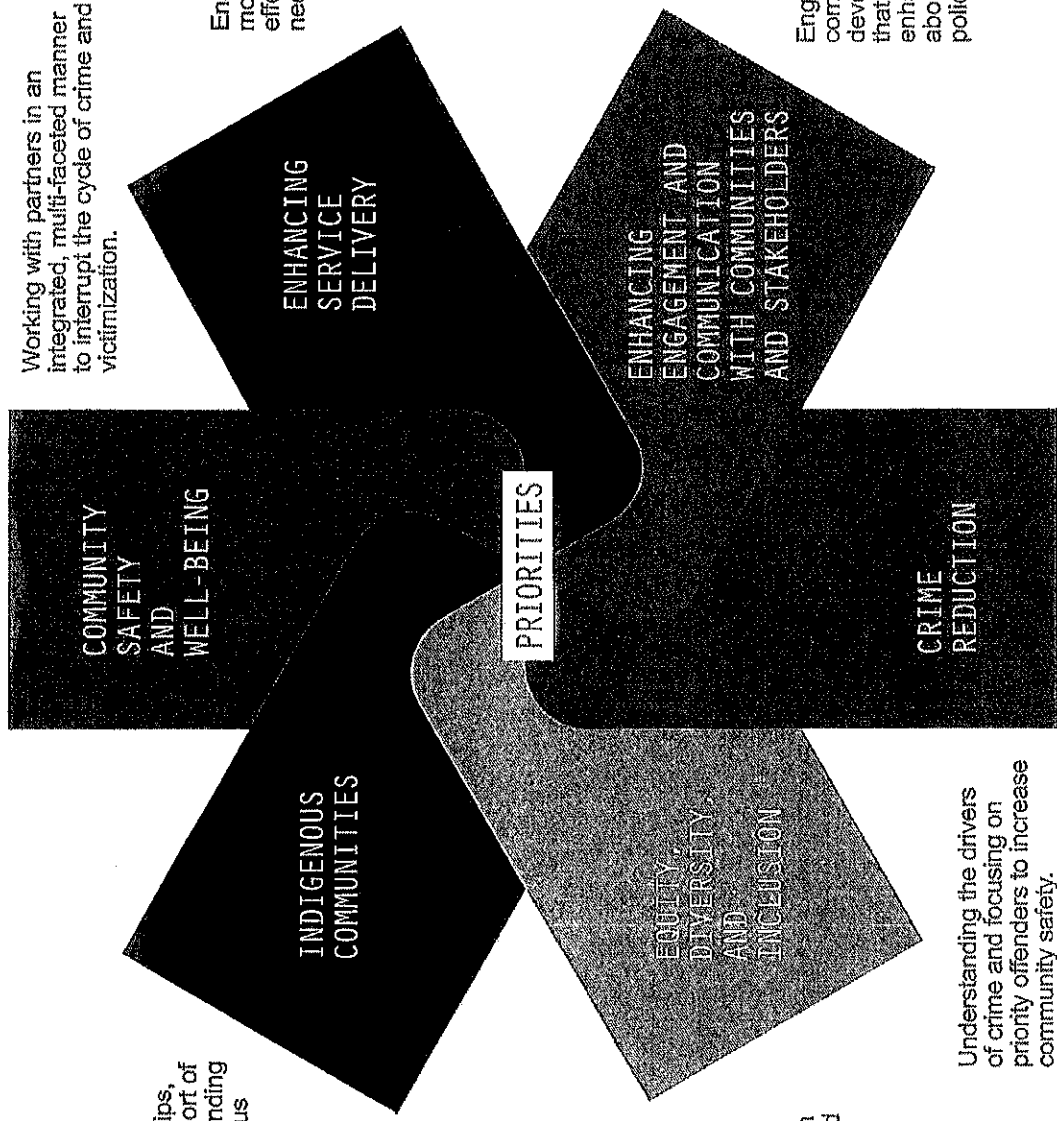

Sincerely,

Sgt Robert Wright
Detachment Commander

Community Priorities

Priority 1

Overall Road Safety

Current Status & Results

Impaired Drivers - 7 Charges
Tickets (General TSA) - 79 Charges

All targets for the year are on track with numbers expected to increase over the months of July and August. RCMP continue to respond to potential impaired drivers as priority files and have completed joint check stops over Q1 with BTPS. As the traffic volume over the summer season increases so will the number of traffic complaints and charges. We should also expect a slight increase in the number of traffic collisions over the summer, again just do to volume.

Priority 2

Crime Reduction

Current Status & Results

Crime Reduction Through Environmental Design (CRTED Projects)
Projects:

Card Home: The walk way near the Card home has been identified by as a priority issue. The TOC hires staff yearly to promote the history of the area specifically the Card Home which is one of three main tourist draws to the downtown area. Their efforts are hampered by the drug and alcohol use and general vagrancy that happens in the immediate area. RCMP have met with Corporate Services and the Historical society to suggest several physical revisions to the area to make it less attractive as a place to abuse drugs and alcohol and be more attractive to tourists and the general public.

General Rural Crime Awareness: It is the goal of Cardston RCMP to effect a reduction of rural crime occurrences. In order to do so, action will be required from the property owners. Cardston RCMP members will engage in an information campaign in order to educate property owners on ways to perform target hardening to their property, or, in other words, to take measures to reduce the attractiveness of their property to potential criminals. Cardston RCMP members will attend seasonal properties, such as Payne Lake, Blue Trail RV Park, Crooked Creek Campground, and the Great Canadian Barn Dance. Cardston RCMP members will disseminate informational pamphlets to seasonal residents with tips on hardening their property, such as the installation of lights, cameras, and fencing, and other measures such as removing expensive items from sight, such as off-highway vehicles, and tools. Additionally Cardston RCMP members will offer rural crime presentations for both seasonal and full time residents at community events in Cardston, and Glenwood, or where otherwise requested.

Two additional CRTED projects will be reported on in Q2.

GDSA (Drugs) Charges - 10

RCMP continue to focus on the local drug trade as it has a direct impact on several spin off crimes. The priority remains more so on the trafficking as opposed to the personal

possession of drugs unless this is combined with another Criminal Code offence. This is consistent with the direction we have received from the Provincial Prosecution office and the Courts. This target is likely to be exceeded again this year.

Priority 3

Be Clear, Accountable, and Transparent

Event Participation - 3
Rural Patrols - 137
Youth Engagement - 6
Public Town Halls - 1

Current Status & Results

In the last three months RCMP have participated in school events, community celebrations, charity fundraisers, Public Town Halls and an extensive round table discussion in relation to Lock Down procedures with the Westwind School Division. Rural visibility and patrols have again have been extensive and well above the target goal. RCMP members are heavily invested in the communities which they live and serve and are actively trying to drive down rural crime rates through visibility and proactive measures such as the CRTED projects listed above. The next Town Hall meeting will be scheduled in the fall with the likely location being Glenwood followed by Cardston in the Spring

¹ Data extracted from a live database (PROS) and is subject to change over time.

Trends/Points of Interest

While quarterly metrics are important, paying attention to the long term year to year stats can give a better picture of emerging trends.

Of note:

Criminal and Provincial traffic stats; we see Criminal Code Impaired charges being diverted to Provincial sanctions through the IRS program hence we see a drop in the Criminal stats and a rise in the Provincial.

CDSA offenses continue to climb as its a priority issue on the APP, as the stat is compared year over year it will eventually level out and the percentage swing year over year will reduce but with a higher then average charge count over the five years previous.

Provincial Police Service Composition²

Staffing Category	Established Positions	Working	Soft Vacancies ³	Hard Vacancies ⁴
Police Officers	9	9	0	0
Detachment Support	2	3	0	0

²Data extracted on June 30th, 2022 and is subject to change over time.

³Soft Vacancies are positions that are filled but vacant due to maternity/paternity leave, medical leave, etc. and are still included in the overall FTE count.

⁴Hard Vacancies reflect positions that do not have an employee attached and need to be filled.

Comments

Police Officers - Of the 9 established positions, 9 officers are currently working. No vacancy reported at this time.

Detachment Support - There are 2 established positions that are filled and 1 surplus to establishment.

Alberta regulated electricity rates going up
<https://calgary.citynews.ca/2022/07/05/alberta-electricity-rates-going-up/>

Your electricity rates may start to go up again as utility providers are increasing their regulated rate option (RRO) to around 15 cent per kWh.

RRO is available for electricity users who use fewer than 250,000 kWh/year and want to be on a plan where prices have to be approved by government.

Enmax was given approval to increase its RRO to 14.777¢ per kWh, while Epcor is increasing its RRO to 14.916¢ per kWh.

"It definitely indicates that the Alberta Utilities commission is seeing that the prices are already higher than anticipated, so they're having to make some real-time adjustments to match what's already happening," explained Kristen van de Biezenbos, Associate Professor of law at the University of Calgary.

"I don't think that there's a lot of good news in the immediate future when it comes to electricity prices."

To put the price increases into perspective, if you were paying last month's Enmax regulated rate of 11.84¢ per kWh, on the assumed average of 600 kWh used in the month, you would've been charged around \$70 not including riders or admin fees.

However, this month, your bill would be closer to \$90 under those same parameters.

"Regular Albertans are having a really tough time right now — we've been seeing that for months and months going back to even the beginning of the pandemic — and I think even if it is a few dollars here and there on bills that people are falling further and further behind," said Bradley Lafortune, Executive Director of Public Interest Alberta.

"When it comes to electricity, prices are out of control, they're through the roof, and people who are paying their bills have been saying to government for weeks and weeks now, we need to see real action."

Van de Biezenbos' advice is to not stick with an RRO and try to shop around for the lowest fixed rate you can get.

"The difference between opting for that fixed rate with Enmax versus the RRO or the floating rate has become [quite large], there's really no reason not to choose the fixed right now," she said.

In statements to CityNews, both Epcor and Enmax explained higher prices are anticipated for electricity across the province through the summer, and an RRO fluctuates with the market price of electricity.

"The market price that is forecasted for the summer months is due to market forces beyond a single energy provider," read a statement from Enmax. "We generally see higher prices in summer due to increased demand. This summer, there are additional influences including supply-side factors and increases in the cost of natural gas (which is used to generate most of the electricity in Alberta)."

"If you are an RRO customer, the rate you pay for electricity changes from month to month based on the costs to purchase energy from the market," Epcor added in a statement. "We typically see increases in price when usage/demand is predicted to be up – for example, hot days in the summer and cold days in the winter. EPCOR does not own generation. EPCOR – as a local wires company (EPCOR in Edmonton) delivers the energy from the provincial power grid to homes and businesses."

Economist Moshe Lander says if you don't want to get off the RRO, then the only way to save money with that plan is to reduce your electricity usage.

He explains global events are also playing a massive part to this increase, as Russia's invasion of Ukraine continues.

"Alberta is reaping the benefit from the one end on the production side, but it's reaping the cost from the consumer side in that we're paying higher prices," Lander said.

"So, these types of Alberta advantages that the government always touts are usually when oil prices are high, we mean the Alberta advantage is for the producers, not for the consumers. When oil prices are low and we talk about how Alberta is suffering, it's the producers who are suffering but not the consumers."

In a statement to CityNews, Associate Minister of Electricity and Natural Gas Dale Nally's office explains RROs are generally higher in the summer due to higher consumption.

It also took the opportunity to take a shot at the carbon tax, as it always does when asked about electricity or fuel prices.

"High utility bills are being seen across Canada and globally right now, which is impacting many Albertans. This issue is due to many factors including rising natural gas prices worldwide, but has been compounded by policies like the NDP's hasty coal phase-out, and the federal carbon tax," Nally said.

"I want to emphasize that consumers do have options to shield themselves from the volatility of the variable RRO, including competitive fixed price contracts. The \$50 electricity rebates will apply to fixed rate contracts as well. We encourage anyone interested in a fixed rate contract or other plan to contact the UCA and find out what plan works for them."

Good afternoon Mayors, Reeves and CAOs,

I am sending this out on behalf of Alberta Culture and Status of Women.

The Government of Alberta recently established September 1 as Alberta Day in perpetuity. Alberta Day is a chance to celebrate who we are as Albertans and what we can achieve together.

To create a province-wide celebration of our heritage and cultural identity, Alberta's Government is providing funding through Alberta Municipalities to eligible Alberta communities to host local Alberta Day events on **Saturday, September 3, 2022.**

Funding will be distributed across three categories based on a per capita model as follows:

- - Municipalities with populations greater than 10,000 will be eligible for up to \$10,000;
 - Municipalities with populations between 1,000 and 10,000 will be eligible for up to \$5,000; and
 - Municipalities with populations less than 1,000 will be eligible for \$1,500.

Municipalities are encouraged to submit a completed Expressions of Interest Application to csw.event@gov.ab.ca, with details about the activities they are planning, by **August 12, 2022.**

Should you be interested in this opportunity, the Expression of Interest Application Form and Guidelines, as well as "Festival in a Box" guideline document are attached.

Alberta Day will be a chance for communities across Alberta to come together and celebrate everything that makes this province special.

For more information, please visit alberta.ca/AlbertaDay or contact CSW.Event@gov.ab.ca.

Dear Mayor Allred & Council:

RE: 100th Anniversary of Pincher Creek Co-op luncheon

The Pincher Creek Co-operative Association Ltd cordially invites you to a luncheon, celebrating our 100 years anniversary. The Pincher Creek Co-op opened in 1922 and has been a central part of our local economy.

The come-and-go luncheon will take place from 11 am to 2 pm on Saturday, September 17th, 2022 at our Farm and Home store, located at 1225 Main Street, Pincher Creek. It will include a BBQ of burgers, hotdogs, salad, and cake. Come to eat, socialize, and reflect on the 100 years of Co-op being a part of our community.

If you have any questions, please feel free to contact me at the Pincher Creek Co-op. We look forward to your presence and hope you enjoy the day.

Yours cooperatively,

Kori Fast

UKRAINIAN CANADIAN CONGRESS
ALBERTA PROVINCIAL COUNCIL

КОНГРЕС УКРАЇНЦІВ КАНАДИ
ПРОВІНЦІЙНА РАДА АЛЬБЕРТИ

Date: August 2, 2022

To: Alberta Municipalities

From: Orysia Boychuk, President, Ukrainian Canadian Congress – Alberta Provincial Council

RE: Ukrainian Independence Day 2022 (August 24) & Alberta Ukrainian Canadian Heritage Day 2022 (September 7)

Ukraine's 31st Independence Day is approaching on August 24th, 2022, as well as Ukrainian Heritage Day on September 7, 2022. We would like to thank all the municipalities in Alberta that have acknowledged these important dates by lifting a Ukrainian flag or displaying a banner. This year more than ever it is important to acknowledge these dates and display Alberta's solidarity with Ukraine, those who have newly arrived fleeing the war and the diaspora that has worked tirelessly to assist the Ukrainian Nationals. The war was caused by Russian military aggression and has accounted for many lost lives, damaged infrastructure and displaced Ukrainians.

The Ukrainian Canadian Congress – Alberta Provincial Council (UCC-APC) is inviting all municipalities to raise the Ukrainian Flag, display a banner, or light up significant structures with blue and yellow colors on these 2 important dates. We appreciate all the support so many communities have provided to assist Ukrainians in their home country and on arrival to Alberta.

UCC-APC also encourages short ceremonies where possible and including all ethnic and refugee groups as appropriate. We would also appreciate receiving any photos or short notes about these events. UCC-APC will proudly display these photos on our social media pages and share with our national organization the Ukrainian Canadian Congress to showcase Alberta's commitment to this important cause and that we remain the cradle of Ukrainian settlement in Canada.

Orysia Boychuk, President

UCC-APC
