

Economic Development is- programs, policies or activities that seek to improve the economic well-being and quality of life for a community or area.

It contains principles and goals based on a grassroots approach to development where communities choose deliberate actions to influence the local economy and improve the quality of life for its residents, support local needs reinvestment of profits into the local economy and help create employment.

Each community has its own opportunities, challenges, and priorities, to reduce unemployment, achieve economic stability, and increase the standard of living for all citizens.

1. Where are we located
 - a. This is the same area as division 4 along the western edge of Cardston County. Between the belly and Waterton Rivers, from Stand Off area to Waterton Area. Including the villages of Hill Spring and Glenwood.
