## Glenwood Pioneer Celebration

July 23 & 24, 2021

Theme: "A Great Work"

**PIONEER DAY**

**ILLINOIS TO UTAH JULY 24, 1847**

PIONEER DAY IS A HOLIDAY CELEBRATED IN UTAH ON JULY 24. IT MARKS THE ENTRY OF MORMON PIONEERS INTO THE SALT LAKE VALLEY. IT'S A CELEBRATION OF ALL PIONEERS, REGARDLESS OF FAITH, WHO SETTLED THE WESTERN UNITED STATES.

1869 THE RAILROAD REACHED UTAH AND GREATLY LESSENED THE NUMBER OF PEOPLE ON THE TRAIL.

THE MORMON TRAIL WAS OVER 1,300 MILES LONG

**70,000** MORMON PIONEERS TRAVELED THE TRAIL BETWEEN 1846 AND 1869.

MANY MORMON PIONEERS COULD NOT AFFORD AN OXEN TEAM & WAGON, SO THEY USED **SMALL HANDCARTS.**

MORMON PIONEERS PLANTED SMALL CROPS ALONG THE TRAIL IN ORDER TO SUPPLY FOOD FOR LATER TRAVELLERS.

**July 24** is celebrated as Pioneer Day in Utah and several other Western states and provinces. The bravery of the original settlers and their strength of character and physical endurance is commemorated with festivities including games and music, speeches, parades, rodeos, and picnics.

One of the new services from the Alberta Government is an online Emergency Registration System. When you log into **[emergencyregistration.alberta.ca](http://emergencyregistration.alberta.ca)**, you can register yourself and your household member, even pets. This information is used only during an Emergency Event in our local area and is shared with the Evacuation Center when you check in, thus making the process much easier during a stressful time. If you need help or don't have access to the internet, call 310-4455 and operators can take your information and get you registered. They are available 24/7.

## Glenwood Community Hall

---

The Glenwood Community Hall is closed to all events except Village Council Meetings. **Current** COVID regulations must be followed. Village Council meetings will continue be held there as it is large enough to facilitate the required social distancing requirements. If you are showing COVID symptoms, please do not attend.

**The next Village Council  
meeting will be on  
Thursday, July 8 at 7:00  
PM.**

### Spring Glen Park

---

~ Monday night camping is  
free for all local residents.  
~ Powered sites \$30  
~ No power \$20  
~ Tents \$15  
~ Kitchen \$150/\$75  
~ Entire Park \$750  
\*to reserve a spot, check out  
our new online booking  
website at  
[www.campreservations.ca](http://www.campreservations.ca)

## Village Office News

### *Fireworks Donations*

We would like to express our thanks to all those who made donations toward the 2021 Fireworks Display coming up at the Pioneer Days Celebration on July 23 & 24. Those include: Marlon Michel Family, Hengerer Farms, L&S Bishop, Riverwood Campground, Blue Trail RV Park & Campground, Whisper Valley Campground, The Chopping Block, Jordan & Marie Koch, Tim & Marilee Campbell and all those who donated at Van Dan's Meats & Eats.

### *2021 Municipal Election*

Election candidate nomination packages are currently available at the village office.

### *Cemetery Cleanup Day*

Our annual Cemetery Cleanup Day was held on Saturday, June 12 from 10 AM to 2 PM. A huge THANKS to all those who attended and helped with the work. We all enjoyed a hot dog BBQ once the work was done.

### *Grass Cutting of Boulevards*

Please remember that it is the responsibility of the property owners in Glenwood to cut the grass on the boulevards adjacent their homes and vacant property. With the loss of the revenue from Saputo, we are cutting back on employee hours to help lower costs. Please help out and keep our village beautiful. And please be careful not to mow over the irrigation boxes.

### *2021 Tax Notices*

The 2021 Tax Notices have been mailed and emailed out. If you have not received yours yet, please contact the village office at your earliest convenience.

### *Village Office Vacation Closure*

Please take note that the Glenwood Village Office will be closed the week of July 19-22. Marilee is no longer working at the village office (staff reduction due to budget cuts) and Carrie will be away on vacation that week. If there are any emergencies, please contact one of the village Council members directly.

### *Pioneer Parlour Hours*

The Pioneer Parlour is now open summer hours:

Tuesday - Saturday from 12 noon to 9 PM  
(again, due to budget cuts, the Parlour will not be open on Mondays, except August and September long weekend).

## **Gone but Not Forgotten:**

On May 29, 2021, **FREDA ROSE REEDER THOMAS** had a great reunion with her husband of 70 years, Burke Thomas, who preceded her through the veil in 2016. They first met at a dance just after he returned from WW II, and now they will continue that dance into eternity.

Freda was born on October 20, 1927 in Cardston, Alberta. She was raised on a ranch in the Beazer area and had wonderful stories of working with the sheep (which she hated), riding horses (which she loved), and going to a one-room schoolhouse with her older brothers, Lynn and Bob Reeder.

She got married in 1946 (and later sealed in the Temple) and she and Burke raised their children in the Glenwood and the Cardston areas. She was known for her sense of humour and her love of visiting with others. She made great life-long friends, many who have preceded her and some who are still here to miss her passing. She is greatly missed by her children, Vicki (Doug) Smith, Patricia (Tom) Hall, Rosalee (Randy) Janisko, Kelly (Kathy) Thomas, Jack Thomas and Zoe Thomas. She has a very large posterity who will remember her fondly, with many grandchildren, great-grandchildren, and great-great-grandchildren!

## **Glenwood Library News**

**IT'S SO GOOOOOOD TO SEE YOU ALL *INSIDE* THE LIBRARY AGAIN!**

We are so excited for our **Summer Reading Program** coming soon!! Children ages 5-11 are welcome (under 5 must be accompanied by an adult). Pick up your registration forms at the Library.

Wednesdays from 2-3 PM

*July 7 - Movie & Pizza*

*July 14 - Gross Day (finger painting and 'dirt' cupcakes)*

*July 21 - Water Fight & Slide*

*July 28 - Games Day*

*August 4 - Final Party with a Piñata*

### **Do you like reading and the outdoors?**

Well we have a fun way for you to enjoy both at the same time! The STORY WALK titled "The Think Lou Couldn't Do" will be set up near the library around the spray park for the next month.

Have you ever wondered what "the cloud" actually is? Join us for a free Virtual Class, via Zoom, about the fundamentals of cloud computing to be held on Monday, July 12 from 1-2 PM. Call 403.942.8033 or email [help@glenwoodlibrary.ca](mailto:help@glenwoodlibrary.ca) to register.

With the COVID restrictions lifting in our province on July 1st, we are pulling out the LEGO again! So feel free to come and play with it any time. We have lots of FUN sets :)

RESERVATIONS RECOMMENDED

**MAIDA JULIETTE BUTLER** passed away on June 03, 2021, at Saint Michael's Health Centre in Lethbridge, Alberta. Maida was born on February 08, 1931, in Glenwood, Alberta. She grew up on the family farm north of town. During her early school years, she rode a horse with her siblings to and from school. For her later schooling, the family moved into Glenwood for the week and walked to school. Then on the weekend, they would go by wagon back to the farm. In 1950 Maida married LeVerre Butler. Together they raised five children. She finished high school while helping on the farm and raising the first three of those five children. She was an active member of The Church of Jesus Christ of Latter-Day Saints, served in many positions, and through example, encouraged her family to follow its principles. She enjoyed stream fishing, camping in the mountains, and summer trips to British Columbia, Ontario, Saskatchewan, California, Texas, Utah, or Kalispell to be with family. She also enjoyed having adventure trips with LeVerre up and down the West coast. Maida was an industrious woman and did many things to help LeVerre on the farm and supplement the family income. She helped move cattle and machinery, drove a school bus, sold Avon, raised chickens, and helped feed bummer calves and lambs. Maida managed her time well, always kept a tidy house and large garden, and offered good food for everyone after a busy day. Through all those active years, she also did beautiful needlework. In 2006 LeVerre and Maida sold the family farm and retired to Lethbridge where they enjoyed many quiet years together. Maida was predeceased by her husband LeVerre Butler, her parents Ernest and Lucille Bohne: sisters Bonnie Mitchell; Rose Reed; Allyn Tolen; brothers Bruce Bohne, Kemar Bohne, Winston Bohne, parents-in-law Asael and Effie Butler; brothers - in - law Grant Johnson, Byron Low; Dee Reed, Cliff Tolen, John Mitchell; sisters - in - law Elmoine Johnson, Vange Bohne, LaPriel Low; son Leonard; son - in - law Garth Wilde; daughter-in-law Marsha Butler, grandchild Richard Wilde; great-grandchildren Ruby Wilde; Emma and Barbara Butler. Maida is survived by her daughter Bonnie Wilde of Springville, UT; daughter-in-law Emma Peterson of Cardston, AB; sons Ken (Joy) Butler of Pincher Creek, AB; Greg (Kay) Butler of Martensville, SK; Darren Butler of Glenwood, AB. 21 Grandchildren: Ryan Wilde, Randall (Linda) Wilde, Russell (Charmaine) Wilde; Alicia (Dave) Shimbashi, Annette (Shane) Siemens, Trevor (Mandy) Butler, Tim (Marni) Butler; Jeremy (Xiu Zhi) Butler; Julie (Ryan) Jensen, Kris Butler, Kory (Rachel) Butler; Jackie (Wayne) Shutra, Russell (Bethlehem) Butler, Karalee (Dennis) Kerr, Lisa (Steven) Fieguth; Jaynne (Josh) Heggie, Hank (Danika) Butler, Renee (Alan) Asplund, Laura (Dan) Wilde, Cole Butler. Maida and LeVerre were blessed with 51 Great-grandchildren and one great-great-grandchild. She is survived by sister Wilma Cutts and brothers-in-law Sylvan (Gwen) Butler, Clinton (Chris) Butler.

## WHAT IS EARTHING?

Earthing is much more than your typical transcendental journey through the Chakra system. In reality, the relatively new concept has many professionals regarding Earthing as one of the most important discoveries of our time.

## Earthing Explained

Earthing, also known as grounding, is simply making a physical connection between the electrical frequencies of the human body with that of Earth's (think barefoot in the grass, or at the beach). Just like the sun constantly provides us with energy and vitamins, the earth too is a source of subtle energy in the form of electrons. When you touch the ground with your bare feet or body, those electrons flow into you.

The earth's surface has a virtually limitless supply of mobile electrons that gives the ground we walk on (as well as lakes and oceans) a natural negative electric charge. When you touch your body to the ground, it dissipates static electricity and extraneous environmental electrical charges that are on you. At the same time, you receive a charge of energy in the form of free electrons and your body synchronizes with the natural frequencies of the earth.

When you become grounded, your body absorbs enough electrons to maintain the same electrical potential as the earth. This amount of electrons varies significantly between people depending upon their lifestyle and activity, and it is impossible to measure.

## How to get Grounded

At one time, our ancestors used to be connected to the Earth 24/7.... nowadays, we have disconnected ourselves from this important source of electrons. Ask yourself, when was the last time I made physical contact with the Earth?

Earthing can be achieved in a number of ways: standing, sitting, lying or walking with direct skin contact with the Earth. This can be grass, sand, soil, unsealed concrete, bodies of water (oceans, lakes, streams) most trees and living plants (those planted directly in the Earth). If possible, simply find a patch of earth, kick off your shoes and spend some time in contact with the Earth. 30 minutes is the minimum amount of time recommended to be grounded each day.

Depending on where you live, unfortunately this approach to earthing may not always be practical (or safe in colder climates!). Earthing® Products exist as a convenient way to maintain contact during work, rest or sleep.

## AN UNEXPECTED JOURNEY

March 5 in Glenwood, I started up my 1986 Country Square station wagon. I do not drive it often, as the 11,574 original miles will attest.

For no reason, I decided to drive it three blocks to the post office and then make an eight-kilometre run up to the cemetery and back.

A stranger to our town from Crowsnest Pass, was in Glenwood to get her dog groomed. She and her husband had ventured out for a doughnut at Tina's Cafe. On my way to the post office, I found her sitting on the road in the middle of 1st Ave. She had stumbled, injuring her left shoulder.

Her husband was standing over her. I stopped. Could I help?

They informed me she could not recover her feet and she was in great shoulder pain. I took a sleeping bag and comforter from my woody wagon and wrapped her. I went looking for the fire chief and brought him back to the site.

He and I and the husband could not lift the woman without intensifying the pain and risking increased damage. The fire chief created a sling as his son arrived, who was younger and stronger than all three of us old guys.

With the sling attached, I elbow hooked the lady by the right arm, her husband gripped her belt band, the fire chief and son cradled the upper legs and we lifted her to her feet. I had previously positioned my station wagon with the passenger door open, three feet from where she sat.

Once on her feet, she leaned and used the door armrest for support.

Backing into the front seat to sit gingerly, she was secured by lap and shoulder belt. The fire chief checked the seat buckle and shut the door.

2:35 PM We were off to Pincher Creek hospital. The husband would follow after the dog was groomed.

2:40 PM Junction 507 at 810 westbound.

2:50 PM Right turn at Bocket-Pincher Creek correction line.

3:04 PM Pincher hospital. Total time from downtown Glenwood to Pincher hospital - 29 minutes.

Oh, I forgot to mention, my woody wagon has just under 600 horsepower and I was delighted to run this grocery-getter flat out. We arrived safe and sound.

But, I shut the engine off when I went into emergency to obtain assistance and give info. When I came out, the engine would not fire.

A nurse came to my aid shortly and phoned Brock, a mechanic, who arrived with a boost vehicle. The wagon fired.

I drove down the hill to NAPA. They had a new battery for me.

But, I left Glenwood without a wallet, driver's licence or credit card. They gave me the battery and I installed it, using their tools, and they trusted me to phone in the card when I got home.

NAPA never saw me before, did not know me, but trusted me on sight, with a mask on, for a \$130 battery.

I left my old battery for them to charge and evaluate its life expectancy. I was informed it would be on the charger overnight. I said I would be back Monday, which I was, and the battery was rejuvenated. There was no cost from NAPA for the evaluation.

It is pretty nice to live in a community where a local business will help you out if you happen to be without ID, driver's licence, credit card or cash, and wearing a mask.

Now that is a warm, feel-good, support-local-merchants story that I wanted to be sure Pincher Creek citizens became aware of.

When I left my house, I was just going four kilometres up the 810 to the cemetery. I never did hear how the woman from Crowsnest Pass made out. I asked at the hospital, but they can't give out that info. Hope she mends.
