# Happy Valentine's Day

Wow! What an adventure it has been to be part of Village council. I am grateful to work with the amazing dedicated people on our new council, as well as our village staff. The learning curve has been steep and I'm sure it will continue. I am proud to say we are working very hard to be unified as a group. A number of us, myself included, have strong opinions and personalities, but we seem to come together in unity to find solutions and move forward. As a brand new council, we were tasked with balancing the budget. It was no small task with the loss of revenue caused by the closure of Saputo. Gratefully with the input and guidance of our CAO and CFO we were able to make the adjustments needed and balance the budget.

As a council we have a vision for the future of our community; one of hope, optimism and unity. We will lead out, and with the help and support of Village members, together we hope to build on the foundation beneath us and strengthen the home we call Glenwood.

Over the past month Linda and Sandy have gathered much of the information to create our community directory. Please, if you haven't heard from them, please reach out. We want everyone included. This updated community directory will be used by council to directly share our plans and events with the community. This includes Village council meetings being available for viewing on Zoom.

We are actively seeking volunteers to help with a variety of upcoming projects. If you have a desire to be involved please let us know, we need all the help we can get. We have a lot planned for 2022 and look forward with hope to building a strong unified community. Thank you to all for your continued support.

Milo Holthe  
Deputy Mayor

Hello

I am one of 14 members of the Oldman River Health Advisory Council. The ORHAC is one of the 12 advisory councils province wide. These councils provide Alberta Health Services with feedback as to how AHS is doing in delivering health care to Albertans. As a recently appointed council member, my duties include facilitating open communication between our communities' members and the ORHAC as to what their health or health care delivery concerns are.

I feel this could be easily accomplished by simply placing a short introduction with my contact information (cell phone number and email) in your Village Newsletter. Your full support in this matter would be appreciated.

Yours sincerely,

David Anderson

## “How Can We Help You?” – Volunteering in our Village and Surrounding Communities

- ♥ We want to appeal to all those who love to help and serve others by creating a forum where they can post their name and services so that those who need help can easily find someone to help them.
- ♥ This is a way to create a Community of Compassion and Respect for one another. If you see a way to improve or add to what is suggested here, please speak up and share your thoughts and ideas.
- ♥ If a person needs help, they can check the list in the Gleanings or on the Main Avenue message board to find someone with the service they may need.
- ♥ The Gleanings is a logical place to keep an ongoing list of volunteers and services as well as a list kept on both the Main Ave and Village office Message boards. Those who are interested in being a part of this list can call, text or email, Leisa Olson on the Gleanings to be added to the list.
- ♥ Remember that those who are willing to serve are volunteering their time, talent or equipment and have the right to say yes, or no to their availability.
- ♥ Waiver for permission to publish the names of the volunteers is already being put in place.
- ♥ If you have mowers, tractors, cars, wheelbarrows, electrical, plumbing or construction skills, like to help with childcare, housekeeping, meals, or driving people to appointments, and anything else you can think of and want to help out those in need, you can put your name on the list.

The list on needs and services is to include the surrounding area, to all those who consider themselves to be a part of the Village of Glenwood.

One of the new services from the Alberta Government is an online Emergency Registration System. When you log into **[emergencyregistration.alberta.ca](http://emergencyregistration.alberta.ca)**, you can register yourself and your household member, even pets. This information is used only during an Emergency Event in our local area and is shared with the Evacuation Center when you check in, thus making the process much easier during a stressful time. If you need help or don't have access to the internet, call 310-4455 and operators can take your information and get you registered.

They are available 24/7.
