Daylight Saving Time History in Canada

- Canada first observed Daylight Saving Time in 1908.
- Canada has observed DST for 110 years between 1908 and 2022 (DST in at least one location).
- Previous time with no Daylight Saving Time was 1913.
- [See Worldwide DST Statistics](#)

On July 1, 1908, the residents of Port Arthur, Ontario, today's Thunder Bay, turned their clocks forward by 1 hour to start the world's first DST period. Other locations in Canada soon followed suit. On April 23, 1914, Regina in Saskatchewan implemented DST. The cities of Winnipeg and Brandon in Manitoba did so on April 24, 1916.

DST in Canada Today

It is up to the legislation in each municipality in Canada to decide on the use of DST. As a result, there are some locations don't follow the DST schedule of their in provinces and territories. For example, while British Columbia uses DST, some locations in the province do not. These include Chetwynd, Creston, Dawson Creek, Fort Nelson, and Fort St. John. In Saskatchewan, it is the opposite. Most of the province does not observe DST, except for some locations, including Creighton and Denare Beach. From March 8, 2020, Yukon made DST permanent.

Since 2007, all provinces, territories, and locations in Canada using DST follow the same start and end dates as the United States.

The lease space is located at 108 Main Ave NW, Glenwood, AB T0K 2R0. Commonly known as the Glenwood Ice Cream Parlor.

This competitive procurement will be conducted in accordance with one fundamental objective: to maximize the benefit to the Village of Glenwood while offering potential leaseholders an opportunity to present an alternative solution to the Village managing the ice cream parlor.

Hello

I am one of 14 members of the Oldman River Health Advisory Council. The ORHAC is one of the 12 advisory councils province wide. These councils provide Alberta Health Services with feedback as to how AHS is doing in delivering health care to Albertans. As a recently appointed council member, my duties include facilitating open communication between our communities' members and the ORHAC as to what their health or health care delivery concerns are.

I feel this could be easily accomplished by simply placing a short introduction with my contact information (cell phone number and email) in your Village Newsletter. Your full support in this matter would be appreciated.

Yours sincerely,

David Anderson

“How Can We Help You?” – Volunteering in our Village and Surrounding Communities

- ♥ We want to appeal to all those who love to help and serve others by creating a forum where they can post their name and services so that those who need help can easily find someone to help them.
- ♥ This is a way to create a Community of Compassion and Respect for one another. If you see a way to improve or add to what is suggested here, please speak up and share your thoughts and ideas.
- ♥ If a person needs help, they can check the list in the Gleanings or on the Main Ave message board to find someone with the service they may need.
- ♥ The Gleanings is a logical place to keep an ongoing list of volunteers and services as well as a list kept on both the Main Ave and Village office Message boards. Those who are interested in being a part of this list can call, text or email, Leisa Olson or the Gleanings to be added to the list.
- ♥ Remember that those who are willing to serve are volunteering their time, talent or equipment and have the right to say yes, or no to their availability.
- ♥ Waiver for permission to publish the names of the volunteers is already being put in place.
- ♥ If you have mowers, tractors, cars, wheelbarrows, electrical, plumbing or construction skills, like to help with childcare, housekeeping, meals, or driving people to appointments, and anything else you can think of and want to help out those in need, you can put your name on the list.

This list of needs and services is to include the surrounding area, to all those who consider themselves to be a part of the Village of Glenwood.

One of the new services from the Alberta Government is an online Emergency Registration System. When you log into **emergencyregistration.alberta.ca**, you can register yourself and your household member, even pets. This information is used only during an Emergency Event in our local area and is shared with the Evacuation Center when you check in, thus making the process much easier during a stressful time. If you need help or don't have access to the internet, call 310-4455 and operators can take your information and get you registered. They are available 24/7.
