Village Council News:

As the new man on board, it has become my opportunity to address my friends and neighbours on behalf of the Village Council. I don't have a lot to report this go round, as many of the committees we serve on have adjusted their schedule for the summer months. Last month, several projects were mentioned as projects for this year and those are still ongoing (i.e. road upgrades, water filling station, etc.)

There have been problems with the spray park this last few weeks, but it is a priority to fix. Parts have been challenging to acquire and as it gets put back together, more issues arise. Our staff is working hard to keep it running.

Thanks to all those who donated time or money for the fireworks and other events as part of the Pioneer Days Celebrations. Another successful event.

I have heard reports of verbal abuse at the village office. I hope they are not real, but please be reminded that it won't be tolerated and that a little kindness will get you a lot farther.

I look forward to serving the village residents once again. I hope we can maintain our great little village and become even better. It is our desire to be open and transparent and to serve with integrity.

Have a great summer and be safe. Doral Lybbert, Councillor

VILLAGE OF GLENWOOD PROJECTS

The Village Council, through its 2023 Capital Budget, has approved many projects to be undertaken in 2023 as follows:

1. Road rehabilitation will take place throughout the remainder of 2023 including but not limited to pothole repair, application of non-corrosive dust suppressant, gravelling and re-oil of some roads within the Village;
2. Replacement of the old water well with a new well and shack and new plumbing and decommissioning of the old well. This will leave the Village with two dependable wells. This replacement is slated for the fall of 2023;
3. New Windows and door in the Village Office to prevent significant heat loss and allow for the windows to be opened. Old junipers will be removed from the front of the building but the mogo pines will remain;
4. The Community Hall is receiving new insulation, baffles, and soffits at this time. The roof will be insulated to R60 and properly ventilated;
5. The Community Hall will see the carpet replaced with laminated flooring this year; and
6. The bulk water station located at the south side of the Fire Hall will see a significant upgrade this fall.
7. Installation of two electric vehicle stations purchase in 2022 covered by a grant from Climate Change Alberta. These will be placed to the north of the Village Office.
