Village Irrigation

The Village irrigation system will shut down water delivery on October 5th. Winterization will begin then and continue throughout the week. Public works will be blowing lines on the 7th and 8th. We still have some openings on the 8th if you'd like us to winterize your lines for a fee. Contact the Village office at (403)626-3233 for details.

Road maintenance will be happening throughout the village till October 2nd. Please be on the lookout for road crews as they work on intersection repairs and re-surfacing projects around the Village. Thank you for your patience and co-operation.

A Message From Nikki

THANK YOU

After 6 ½ wonderful years at the library, the time has come for me to say farewell as I retire from my role as library manager. It's been a joy and privilege to work here and I am so grateful for all the support you have shown to me and the library over the years. The library is so much more than books – it's the people who walk through its doors, share their stories, attend our programs, and make it a welcoming place for everyone. I will for sure miss the library and will continue to support it in any way that I can.

Make sure to follow us on Facebook for all our fall updates and news!

Shelley's Autumn Garden Tips

In Association with
**GLENWOOD
NEIGHBOURS**
glenwoodneighbours@gmail.com

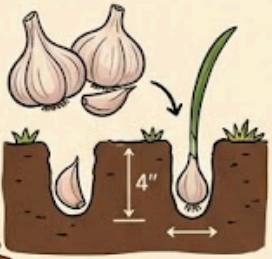

Tip #1

Do you have a plant that's unhappy with its location? Or are your perennials overgrown? Fall is a great time to divide/transplant your perennials as they have plenty of energy stored in their roots to get them through the winter. But if you miss the window, early spring is also a good time to move them. (If you have perennials to share, I'm interested!)

Tip #2

Now is the time to plant garlic. Simply divide heads into cloves, plant 4" deep (pointy end up!), cover with mulch, and water well. In the spring remove the mulch. Young garlic leaves add zip to your spring salads. Scapes are tasty sautéed in butter. Harvest bulbs next summer when the tops dry up.

Tip #3

Reduce winter kill of your trees by giving them a good long drink before the irrigation is turned off for the season. With plenty of water in the soil, your trees have a reserve to combat those drying winter winds.

Our Goal is to build a resilient, connected community.

Remember to keep feeding your soil! Cheers!
